Description: What does it take to create the career you want? Its no secret that the world of work has changed, and were shifting toward an ever more entrepreneurial, self-reliant, work-from-wherever-you-are economy. That can be a liberating force, and many professionals dream of becoming independent, whether by starting their own businesses, becoming consultants...

Review: Want to capture the upside of our world of rapidly evolving technology and work world options rather than being caught in the financially damaging undertow of those changes? Probably your most promising option is to discover exactly how to increase your profit centers that leverage your core talent and expertise. That's what you can learn from this...
